And they have also refused to discuss votes for women and uniform laws which the women want. The House of Governors has been the recipient of a bombardment of letters from women's suffrage organizations all over the country, asking that they please do something, or at least show where the house stands on the issue. The house is now dodging said issue.

cities, Eats and West, show a decided decline in the price of beef over what it was a week or ten days ago, there s been no appreciable decline in the Washintgon market.

As there has been a decline in the price of pork and lamb in this city. nowever, retail dealers in Center Market are of the opinion that beef will take a tumble in a short time.

Representatives of Western packing nouses declare that beef is firm with the market good. They say there has been no reduction, although they do admit that pork and lamb can be bought wholesale for about \$2 a hundred pounds less than it could a week ago. They would not attempt to pre-dict whether or not there would be a reduction in the price of beef any time

The reduction in the wholesale price of pork and lamb, which is placed upon that product by the local managers of Western houses, is about the same the retailers have placed upon the commodity as their retail prices. G. T. Robertson, of G. T. Robertson, of G. T. Robertson & Son, 930 Center Market,, today gave a list of retail prices on pork and lamb. as compared to the prices of a week or ten days ago.
